

RMHTC

RUSSIA-MALAYSIA HI-TECH CENTRE

Supported by

ASSOCIATION FOR EXPORT
OF TECHNOLOGICAL
SOVEREIGNTY

Cyberjaya, Malaysia

Pillar of Strength

- RMHTC is privately funded and is supported by Technological Sovereignty Exports Association (ASSETS) and Russian Trade Representative Office.
- ASSETS is a non-profit organization that represents **250 leading Russian high technology companies** in the critical infrastructure and information technology sectors to facilitate exports of Russian products and services in the fields of information technologies and cybersecurity.

ASSOCIATION FOR EXPORT
OF TECHNOLOGICAL
SOVEREIGNTY

RMHTC
RUSSIA-MALAYSIA HI-TECH CENTRE

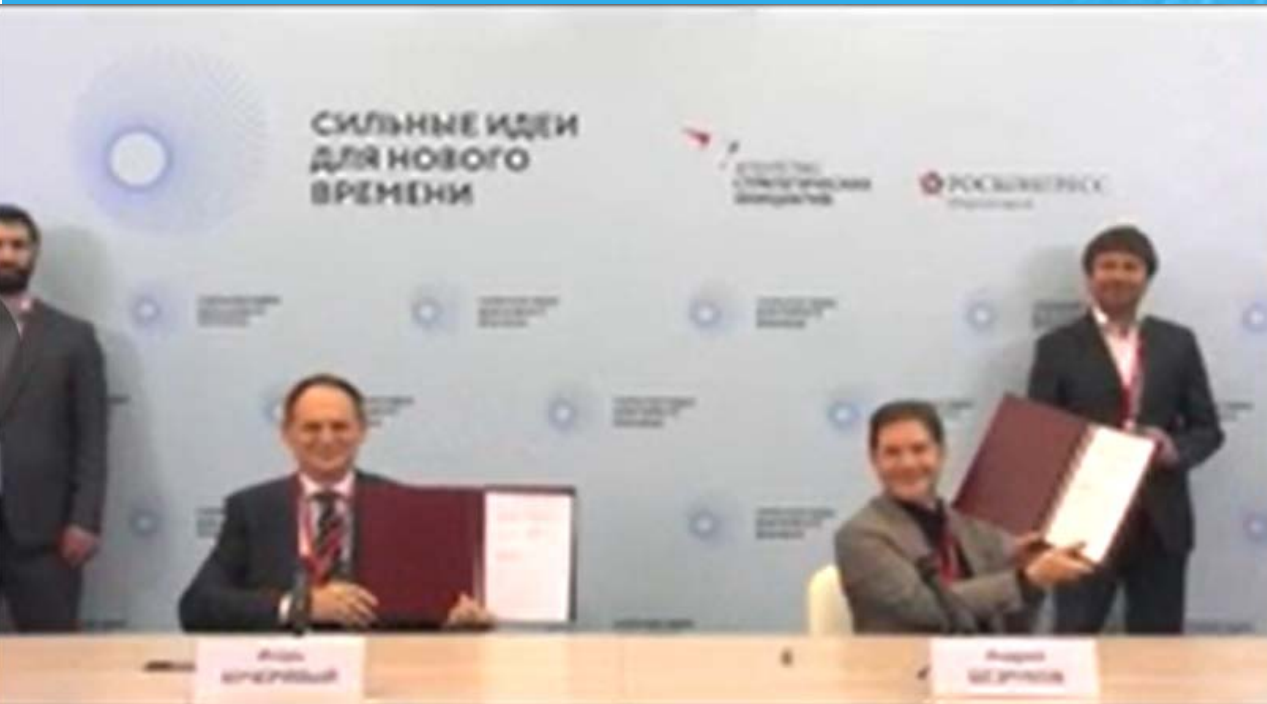

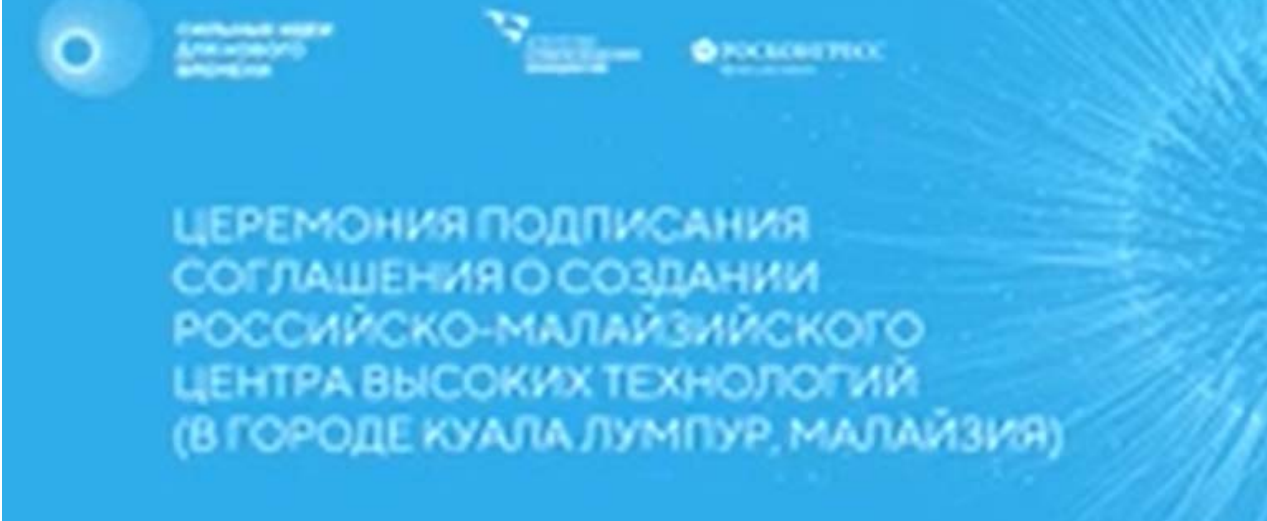

“Russian Trade Representative Office in Malaysia is a state organization functioning on the basis of the Trade Agreement signed on April 3, 1967 (between Soviet Union and Malaysia) and representing trade and economic interests of Russia in Malaysia.

We assist Russian and Malaysian foreign trade participants to strengthen direct partner relationships, foster mutual trade and cooperation in the economic field, offer information and consulting services of economic, financial and juridical nature, to assist in solving practical problems of trade cooperation on the level of government structures, participate in planning, developing and realization of concrete deals and joint projects.”

Nikita Ponomarenko

Head of Russian Trade Representative Office in Malaysia

In Moscow: (Left front row) Mr Igor Kucheryavy of TRONICS JSC and Mr Andrey Bezrukov of ASSETS

In Malaysia: (Left front row) Mr Nikita Ponomarenko of Russia Trade Representative Office in Malaysia, Mr Lee Choo Boo and Datuk Loo Took Gee of ITRAMAS International

Our Vision

THE HUB OF RUSSIA HI-TECH IN ASEAN

...and Objective

Accelerator for Russia-Malaysia collaborations in entrepreneurship and education using Malaysia as a springboard for expansion to the rest of ASEAN

Key Focus

- ✓ 1. Green technology
- ✓ 2. Telecommunication
- ✓ 3. Cybersecurity
- ✓ 4. 3D Printing
- ✓ 5. Medical Tech
- ✓ 6. Mobility
- ✓ 7. Robotics

**Other hi-tech areas*

Centre of Excellence for Cybersecurity Technology

Products & Services

- Endpoint Security
- Network Security
- Cloud Security
- Threat Detection & Response System
- Fraud Prevention System
- Quantum Cryptography

Cyber School

- Consultation course on practical cryptography
- Windows forensic
- Secure software development life cycle
- Web application security
- Red team operation
- Incident response and malware analysis

Activities Promoting Hi-Technology

Q2 2019

Trusted Access Technologies signed strategic partnership agreement with ITRAMAS.
ITRAMAS, a Malaysian leading technology corporation, will take on Malaysian distribution for Trusted Access Technologies.

Q3 2019
